MUSIC

11-1-4

THE UNIVERSAL LANGUAGE

There is no substitute that will take the place of music in your own home performed by some member of your own family. A musical education is not a necessity, but it brings great joy and compensation to the possessors and many hours of pleasure to their friends.

A Piano with the best quality of tone and flexibility of action is an advantage to the mastery of music, such a piano is the WILLIAMS, guaranteed to be the highest standard of excellence.

An advertisement for Diamond Fittings Limited. The central text reads "DIAMOND" FITTINGS in large, bold, serif capital letters. Below this, in smaller text, it says "Malleable and Cast Iron Screwed Pipe Fittings. Cast Iron Flanged and Drainage Pipe Fittings". At the bottom, it says "Manufactured By" followed by "FITTINGS LIMITED" in large, bold, serif capital letters, and "OSHAWA, CANADA" in smaller, bold, serif capital letters. The entire text is surrounded by various pipe fittings, including elbows, tees, flanges, and couplings, all featuring a diamond-shaped logo on their surfaces.

PROPRIETOR

ALL EYES ARE ON OSHAWA

Panoramic view of a business section of Oshawa

Oshawa is leading all Canadian Towns as an Industrial Centre

Oshawa has forged to the front in the last decade as one of Canada's leading industrial centres. Millions of dollars have been invested in the last six years in plants and equipment by the General Motors of Canada, Ltd., Pedlar People, Ltd., Oriental Textiles and others.

No town in Canada has forged ahead as rapidly. Moreover this growth is a substantial growth. Oshawa today is less subject to a slump or reaction than most towns.

Oshawa contains Canada's largest motor companies; Canada's largest piano factory; one of the largest malleable iron works and many other leading manufacturing institutions.

Cheap and abundant power with wonderful shipping facilities and an ideal labor situation make Oshawa an attractive place for new industries.

Write the Town Clerk, Oshawa, Ont., for particulars.

RAILROAD FACILITIES OF OSHAWA

Oshawa is on the main line between Toronto and Montreal of Canada's three largest railroads, the C.P.R., the G.T.R. and the Canadian Northern, thus making it very advantageous for shipping. A local electric railroad connects all factories with the three steam railroads. The Toronto and Eastern, under construction passes through the centre of Oshawa and from all appearances this road will be in operation in the course of a very short time. A local street railway meets all trains and gives splendid service to Oshawa-on-the-Lake, two miles from the Town.

PARKS AND PLAYGROUNDS

Oshawa owns three public Parks. Lakeview Park, two miles from the centre of the town, is located on the Shore of Lake Ontario and is an ideal place for recreation. An ideal park site well wooded has been improved through the building of walks, playgrounds, etc.

Alexandra Park on Simcoe North is a spacious park just five minutes from the centre of the town. This park contains two large athletic fields, a grand stand, a race track and a band stand. The Park Commission take pride in the beauty of this breathing spot right near the centre of the town. Chantauqua, Athletic Meets, County Fairs and other attractions are held in Alexandra Park during the Summer.

Centre Park is a large breathing space right in the heart of the Town which has recently been acquired from the Pedlar People, Ltd. The work of clearing this space and arranging it as an attractive beauty spot right in the heart of the town is now in progress. Few towns as large or even larger than Oshawa are so well favored with beautiful parks.

INDUSTRIES

Oshawa has 39 factories, among which are General Motors of Canada, Ltd., comprising among its units the McLaughlin Motor Car Co., Ltd., the Chevrolet Motor Company of Canada, Ltd., the Olds Motor Works of Canada, Ltd., and the Samson Tractor of Canada, Ltd. The Pedlar People, Ltd., who have just occupied their spacious new plant on Simcoe South, the Robson Leather Company, who have just completed extensive alterations, the Malleable Iron Works, Fittings, Limited, who have just built a large foundry, an addition to their previous plants, the Williams Piano Co., the Oriental Textiles, Parks Foundrys, Ltd., Oshawa Canning Works, Schofield Woollen Co., Ltd., Hogg & Lytle, Ltd., and a host of others.

POPULATION

The last census showed a population of nearly 13,000. Oshawa is a town of property owners. An exceedingly high percentage of homes are owned by their occupants. During the last eighteen months General Motors of Canada, Ltd., have built 65 homes on Simcoe Street North, all of which have been purchased and are now owned by General Motors' employees.

The Oshawa Housing Commission has built about a hundred homes and these are all occupied by people who have purchased them through the Housing Commission. The population of Oshawa is a stable population and this has a tendency to stabilize industry. An ideal labor situation is responsible for the fact that new industries are daily seeking sites in Oshawa.

STRATEGIC LOCATION

Situated in the heart of one of Canada's wealthiest agricultural districts Oshawa is well supplied with produce of every description at economical prices. It is located 32 miles from Toronto and 300 miles from Montreal. It is right on the national highway and most of the road from Oshawa to Toronto will be paved this year. As soon as this highway is completed thousands of tourists will pass through Oshawa annually.

Oshawa gets economical power from the Trent River through the Hydro Electric Commission. The town owns water and sewage systems. Oshawa has 6 Banks, a splendid Golf Course, a Rotary Club and a Lions' Club, an Athletic Society and an up-to-date Library, 7 Churches, 1 High School, 6 Public Schools, 1 Separate School, Y.M.C.A., Armouries, 2 Hotels, 2 Newspapers, and many other features making it a Home Town.

For particulars, write the TOWN CLERK, OSHAWA, ONTARIO.

Local Board of Health - - Oshawa

(b) In distress

(9) Indigent relief in case of illness

(10) Local Relief from Municipal, Sanitary and Relief Committee

A special endeavor is made to find nurses trained, experienced, part time helpers, at any time to meet emergency calls for such assistance.

INTRODUCTORY

Oshawa City Directory

1921

The publishers take pleasure in presenting herewith the first edition of the Oshawa City Directory. The gathering of the various lists and other data for this directory has meant an immense amount of painstaking work but no effort was spared to have the information it contains correct in all particulars or as nearly correct as is possible in a work of this nature.

The Directory embraces the area of GREATER OSHAWA, comprising the territory of the city proper and also adjoining villages and sub-divisions.

ADVERTISING OSHAWA

Copies of this Directory will be placed in various Directory and Public Libraries, Government Departments and business houses throughout Canada, where it will serve the public as a valuable book of reference and the city it represents as a splendid standing advertisement, for no other publication can convey such a good idea of Oshawa, its business interests, and all its various institutions and organizations. Progressive people realize what splendid publicity this affords the city and its industries.

The publishers desire to thank their patrons and the general public for the courtesy extended at all times to their representatives, and to say that they fully appreciate the confidence which the business and professional men of Oshawa have shown in this publication.

The Reformer Printing & Publishing Co. Ltd.

Oshawa, June, 1921.

Victoria Park

Immediately facing the Housing Commission's activities, this important sub-division has become immensely popular by reason of its beautiful surroundings and proximity to the latest industrial growth.

Many houses are now being built on the property and improvements, including main sewers, light and sidewalks are already under construction.

Yet, Victoria Park lots with all their advantages of healthy and delightful surroundings, and about ten minutes walk from principal factories, are still for sale at prices that are in easy reach of the worker and his family. Small payments and every encouragement to home-seekers.

Peace Park

Situated at the south end of Ritson Rd. and occupying an area of forty-nine acres, this picturesque estate makes a special appeal to those working in the neighborhood of the new Pedlar Factory and who desire to combine the convenience of the town with the advantages of country surroundings.

Oshawa's main sewer runs through the property and many improvements are planned for the immediate future of this attractive development. It is situated on high ground and abounds in walnut and apple trees. Low priced lots now available, but advanced rates will soon take effect as the demand is rapidly increasing and improvements are going into operation.

ROBT. D. PRESTON

Mgr. KING ST. CHAMBERS
OTHER ESTATES MANAGED

Men who place dependability first will buy the new McLaughlin Master Six.

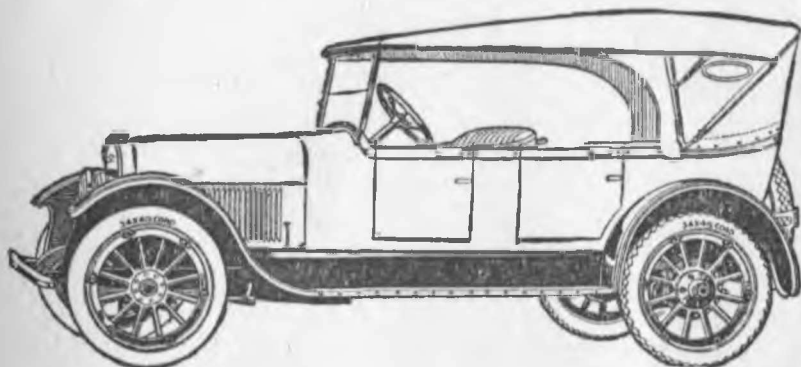

Capacity for hard work is strikingly combined with graceful body lines and fine appointments in this new McLaughlin model.

Sureness of operation, power for hard, fast travel over all kinds of roads, ability to stand up are developed to the highest degree in this model of "Canada's Standard Car."

McLAUGHLIN MOTOR CAR CO. Limited

Oshawa

Ontario

CHEVROLET

"For Economical Transportation"

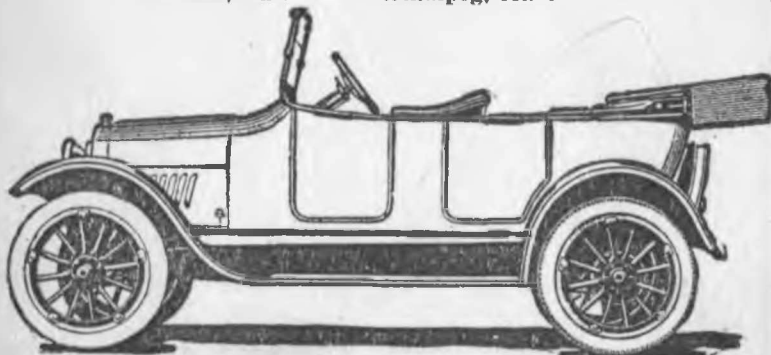

Chevrolet "Four-ninety" qualities have appealed to more than three hundred and twenty-five thousand individual buyers since this famous car was introduced.

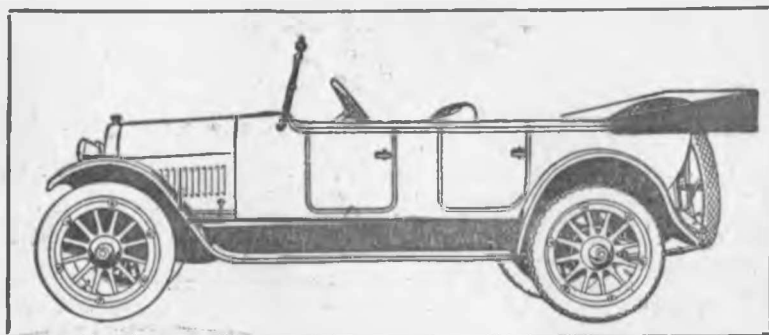

Low in first cost, complete in equipment, it fills every requirement for safe and economical transportation.

**CHEVROLET MOTOR COMPANY,
OF CANADA, LIMITED.**

Oshawa, Ont.

Winnipeg, Man.

The New Oldsmobile "Four" represents the maximum in efficiency,
beauty, comfort, power and economy.

A post war car at a pre-war price.

Goodyear Cord Tires—as Good as the Best
in the long run.

Oshawa Park

THIS WONDERFUL SUB-DIVISION IS SITUATED

**Within 8 minutes easy walk of Four Corners
going West, and is bounded on one side by the Kingston Road.**

It occupies a choice part of the favorite Westmount district although it is just out of range of city taxes.

Scores of houses are already built at Oshawa Park, many others are in course of construction and there is every evidence of rapid growth in this beautiful development that is surrounded by highly cultivated properties. A small payment will secure one or two lots on this attractive, high, healthy location with the privilege of immediate home-construction.

Highland Park

The home-seeker with a young family to raise cannot do better than settle upon this high, healthy development, with its magnificent views and fine air.

Close to the large factories, Highland Park is regarded by many wise investors as being in the very centre of Oshawa's future growth.

Lots on this property are still offered at exceptionally low prices and no better investment could be found anywhere for those whose occupations are associated with the city's industries and who enjoy home life and gardening on rich fertile land.

A small payment will start you if you take advantage of present opportunities.

Oshawa House & Land Co.

"East or West We Have the Best"

From Pillar to Post

You may go looking for a concern who can turn out better or more artistic mill work than we can, but you will be certain of failure. We are at home in every detail of business and our designs and finished work are regarded as models by competent architects and builders.

All kinds of work done to specification at very reasonable prices.

We are agents for the Chamberlain Metal Weather Strip.
